**Reference: Price Increase Notification – Steel Products**

Dear Valued Customer,

We at Vicwest are extremely proud to source 95% of our steel domestically and provide service from coast to coast. Regardless of the current geopolitical landscape, we continue to experience significant rising costs in our supply chain, in turn, must increase our pricing to the market.

Consequently, we will be raising our prices 7 – 10% effective April 5th, 2025, on all steel products.

All orders placed prior to April 5th, must be delivered by the following delivery cycle.

Please do not hesitate to contact me, or your local representative directly for further details.

We will continue to monitor the market and be proactive in communicating any further price increases.

I would like to take this opportunity to thank you once again for your continued support. Our partnership is very important to us and is greatly appreciated.

Kind Regards,

A handwritten signature in blue ink, appearing to read 'B. Glen', with a small flourish at the end.

Brian Glen  
Director, Sales
