Reference: Price Increase Notification – Steel Products

Dear Valued Customer,

At Vicwest, we take great pride in the robustness of our supply chain to allow us to service our customers across Canada. Despite this, the industry is experiencing significant rising costs from our steel and paint suppliers. As a result, we will be implementing a price increase to reflect these rising increases.

Effective April 18th, we will be raising our price on all steel products 12%.

Quotes outside their validity period must be confirmed and re-quoted. Vicwest will continue to monitor the Canadian steel, wood, and paint supply chain to provide quality products at competitive rates.

Please do not hesitate to contact me, or your local representative directly for further details.

I would like to take this opportunity to thank you once again for your continued support. Our partnership is very important to us, and is greatly appreciated

Kind Regards,

A handwritten signature in blue ink, appearing to read 'B. Glen', with a small flourish at the end.

Brian Glen
Director, Sales
Vicwest
