To: All Polyglass Distributor Customers

Notice of National Price Adjustment – Effective on April 16, 2026

Polyglass would like to thank you for your continued partnership and for the trust you place in us for your product needs. Our commitment to delivering high-quality products and dependable service remains unwavering.

Ongoing global business conditions continue to create cost pressures across our industry. Due to sustained increases in raw material, transportation, and manufacturing costs—many of which are beyond our control—Polyglass USA will implement a 5–8% price increase across all product lines.

This adjustment will apply to all shipments on or after April 16, 2026, regardless of order entry date. As we approach the effective date, Polyglass will provide further communication outlining specific product-line adjustments.

Polyglass remains committed to supporting your business with reliable products, competitive value, and the high level of service you expect.

If you have any questions, please contact your sales representative.

Regards,
