Quarrix Building Products: Price Increase May 11th, 2026

Dear Customers and Partners,

Quarrix Building Products is announcing an increase of 3% - 8% on its product offerings, effective May 11th, 2026.

The pricing action is necessary due to higher resin, raw material, fuel, and logistics costs, despite ongoing efforts to mitigate these pressures.

Price changes will vary by product and market and may exceed the announced increase. All orders shipped after May 11th, 2026, will be invoiced at the new price, regardless of order entry date. Updated pricing documents will be introduced in the next few weeks.

If you have any questions, please reach out to your Quarrix sales representatives or Regional Management.

Thank you for your continued business and support of Quarrix Building Products, and we appreciate your understanding.

Sincerely,

A handwritten signature in black ink, appearing to read "Nathan Salo". The signature is fluid and cursive, with the first name being more prominent.

Nathan Salo
