

April 7, 2026

Dear Tremco CPG customer,

As you may be aware, the ongoing geopolitical crisis in the Middle East has created significant disruptions to global supply chain, creating a cascading effect on logistics, transit times, raw material costs, and transportation reliability.

- Increased Transit Time
- Rapidly Rising Logistics Costs
- Limited Availability of Key Raw Materials

We have taken steps to absorb a portion of these increased costs. However, due to the sustained nature of this crisis, we must make adjustments to maintain our service levels and continue to deliver our products to you safely.

**Effective April 8th, Tremco CPG will implement temporary surcharges on all orders: 5% on all products except Nudura (7%), Glazing Tapes and Asphalt-based products (10%) will be subject to higher surcharge.** Please note that these costs will be reflected as a separate line item on your invoice and will be reviewed regularly.

We remain committed to delivering the highest level of service. We will continue to monitor the situation closely and look forward to reducing or removing this surcharge if/when conditions stabilize.

We appreciate your understanding and continued partnership. If you have any questions or would like to discuss how this might affect specific upcoming orders, please reach out to your sales representative.

Sincerely,

Scottie Stinson  
President, Commercial Sealants & Waterproofing  
Tremco CPG, Inc.
