

April 13, 2026

Dear Valued Tremco CPG Customer,

We are writing to provide advance notice of a material price adjustment, effective June 1, 2026. At that time, we will also review current surcharges and expect to remove applicable surcharges as the new pricing takes effect.

This adjustment is necessary due to recent geopolitical developments that have increased volatility and raised the cost of key raw materials used in our products, as well as transportation and labor costs. Details on specific increases, along with updated price lists, will be provided 30 days prior to the effective date.

The updated pricing will take effect June 1, 2026. Orders placed prior to June 1, 2026 and shipped within our standard lead time will be invoiced at current pricing. Orders placed on or after June 1, 2026 will be invoiced at the new pricing.

We sincerely appreciate your business and thank you for your continued partnership.

Sincerely,

Dency Barnes  
Sr. Director, Global Pricing & Analytics Tremco CPG, Inc.
